

Ground Protection

Event Flooring

Event flooring for protecting ground of high quality in event halls and sports halls. It is also very appropriate for underfloor heating or special demands like wheel stress due to chairs.

The hard-wearing event flooring is available in grey and is inhibiting flames according to B1.
The delivery takes place in rolls.

The installation is quick and simple. The separate pieces are fixed to each other via Mali-tape and therefore will be prevented from slipping.

You can find more information and more rentable equipment on our website www.japo.de.

Technical Details

event flooring

width	2,02 m
length	30 m
weight	1,8 kg/sqm
