

Seating

Folding Chair

Our Samsonite folding chair is the perfect solution for open-air events.

The chair is weatherproofed. The frame is made of black varnished steel. The seat and backrest are made of solid black plastic material.

Due to its design the chair is easily stackable and therefore enables simple and safe transport. The delivery of the chairs includes standard plastic connectors. If requested you can also apply the comfort connector that broadens the spaces between the chairs on the side for about 5 cm.

Accessories:

- comfort connectors
- standard connectors

If required we will set up your individual concept for seating according to VStättVO.

You can find more information and more rentable equipment on our website www.japo.de.
