

Pipe & Drape

Upgrades your VIP and backstage-area in locations with a less comfortable atmosphere like in dressing rooms in stadiums or containers.

The system is made of aluminium telescope bars and poly satin curtain (B1). It can be used in various ways, it is [height adjustable](#) and does not require any extra material.

The poly satin curtain is available in burgundy or silver. Other colours on request.

For the transport we use cases.

You can find more information and more rentable equipment on our website www.japo.de.
