- Interior decoration: Roof lining, side and post covering

AREAS OF USE

The Pagoda Tent with its characteristic pitched roof provides fixed roofing for your event in a high-quality appearance. The pagodas are flexibly applicable and can be combined with other tents and pagodas – whatever length and shape is required. The pagodas are available in different sizes and can – depending on the underground – be set up with or without wooden flooring. Rent the pagodas for your company event, public events, festivals, your wedding or your garden party. In our rental shop you can find the appropriate interior decoration for you: marquee sets, upholstered chairs, tables, bar tables etc.
